ANGELA UMEOBI

UI/UX Designer | Frontend Developer | Backend Developer (Python/Django)

Lagos, Nigeria| 0903 227 7158 | umeobiangela2@gmail.com | Behance Portfolio

SUMMARY

Intermediate UI/UX Designer and developing full-stack engineer with hands-on experience across the full product design process: user research, wireframing, prototyping, high-fidelity UI, and usability testing; plus, growing frontend and backend skills in HTML, CSS, JavaScript, Python, and Django. Background spans freelance client work, community-led product teams, and a capstone e-commerce build, with a consistent focus on translating user needs into clean, functional, technically sound products.

TECHNICAL SKILLS

UI/UX: Figma, Wireframing & Prototyping, User Research, Usability Testing, Design Systems.

Frontend: HTML, CSS, JavaScript, React.

Backend: Python, Django, Django REST Framework (DRF), JWT Authentication, RESTful API Design.

Tools & Platforms: Git, GitHub, Figma, Canva, WordPress, PostgreSQL.

Other: Cloud Computing, AI/AI Applications, API Integration, Cross-functional Collaboration, Attention to Detail, Communication.

FEATURED PROJECTS

MOVA — Ride-Hailing App UI & Design System — *EV Mobility Project, Nigeria*

- Designed the UI and a reusable design system for MOVA, a ride-hailing app supporting an electric-vehicle mobility initiative.
- Produced user flows, wireframes, and high-fidelity screens aligned to project branding and usability standards.

E-Commerce Platform — Capstone Full-Stack Project — *Django REST Framework + React*

- Own the backend for a two-person capstone build: user authentication, product catalogue, shopping cart, Wishlist, reviews, order management, and an admin dashboard.
- Building the API with Django REST Framework, JWT authentication, and PostgreSQL, with API documentation via drf-spectacular.

ANGELUKA Fashion Webapp — *Freelance Project*

- Led end-to-end UX/UI design for a fashion e-commerce web app, from initial concept through to interactive prototype.
- Conducted user research to inform structure and key user flows, then designed high-fidelity UI in Figma and ran usability testing.

StudyCircle — *Personal / Concept Project*

- Designed a platform concept enabling students to form study groups with peers globally, beyond their own class or institution.
- Led the full design process: user research, wireframes, high-fidelity UI, interactive prototype, and usability testing.

Naija Food Hub — *GitHub Campus Experts, UNILAG*

- Served as Design Team Lead for a web app connecting users with Nigerian food vendors, directing UI decisions and visual consistency.
- Collaborated closely with developers to ensure design specifications were implemented accurately.

WORK EXPERIENCE

Freelance UI/UX Designer & Web Developer — Self-employed *2024 – Present*

- Delivered 3–5 freelance projects spanning web/app UI design, web development, and brand identity work for individual and small-business clients.
- Managed projects independently end-to-end — client briefing, design, development, revisions, and delivery.

Design Team Member — Zero Plastic Straw Community (ZPSC) *Jan 2026 – Present*

- Designed social media posters and brand materials in line with brand guidelines for community publicity.
- Participated as a media team member at the Ogun State Summit, supporting seamless on-ground execution.

Design Team Lead — GitHub Campus Experts, UNILAG *Mar 2025 – Present*

- Led design for the Naija Food Hub web app, from UI design through developer handoff.
- Collaborated with Microsoft Learn Student Ambassadors (MLSA) during Hacktoberfest 2025.

Web & Graphics Designer — The Press Club, UNILAG *Mar 2025 – Jan 2026*

- Collaborated with a cross-functional team to design and develop a functional website.
- Designed posters, flyers, and presentation materials for social media publicity.

Graphics & Brand Designer — AMY Impact Hub *Jan 2024 – Nov 2025*

- Planned and designed "Safe Space," a brand identity project that supported over 50 people, including posters, flyers, and presentation materials.

EDUCATION

B.Sc. Pure and Applied Chemistry — Second Class Upper Division *Jan 2020 – Nov 2025*

Diploma in Information Technology — First Class Division *Jan 2023 – Nov 2023*
